

Portfolio Landing Page

1. Introduction

- A portfolio website is a place where we can display all our best work, share it with the world, and tell people exactly how to get in contact with us or hire us.

2. Expected List of Features

- Testimonials
- Services
- Contact Information
- Relevant Personal Projects
- Content
- Experiences

3. Market Survey

- <https://brittanychiang.com/>
- It has all features that I listed above. Nowadays, portfolio websites are very helpful for candidates who looking for a job. They are much better than the resume or cv.
